

Designed especially for Cargo screeners, ICTS Eagle Cargo CBT is compliant with the latest ICAO requirements and EC regulations 185/2010 and 859/2011. With an interactive multimedia-based module for basic training, and Cargo x-ray machine simulation for certification recurrent training modules, and an image bank of more than 1000 genuine cargo and mail images, Eagle optimises the learning experience by accurately simulating the working environment and exposing the Trainee to a variety of threats (unique to Cargo).

## CONTENTS

### Basic Course

- General Security Awareness
- Objectives & Organisation of Aviation Security
- Principles of the Air Cargo Regime
- Responding to Suspicious Circumstances
